

# Smart Manufacturing Lab.

1<sup>st</sup> the development of IT technology in manufacturing  
2<sup>nd</sup> the application of these software to the industries

- Precision Machining
- Machining Simulation
- CAM

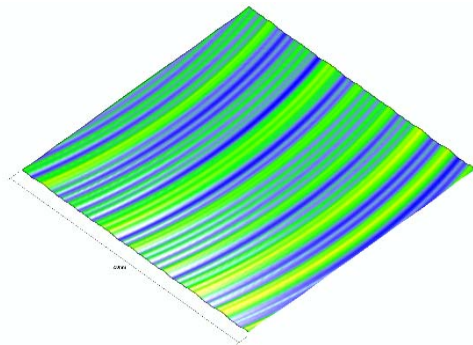

Su-Jin Kim  
Gyeongsang National University

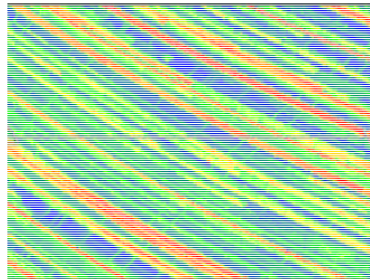

# Precision Machining

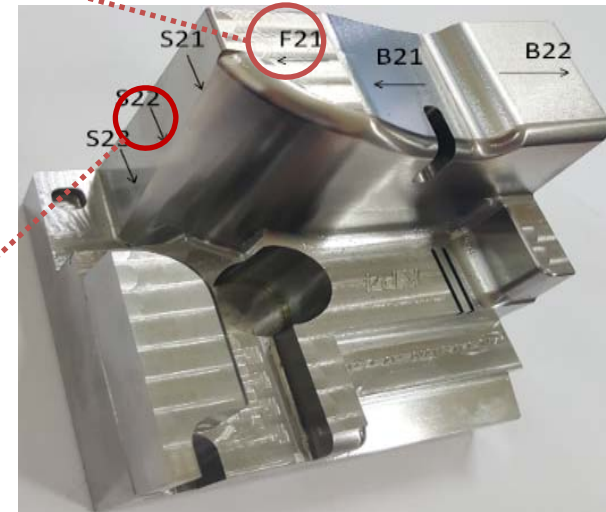

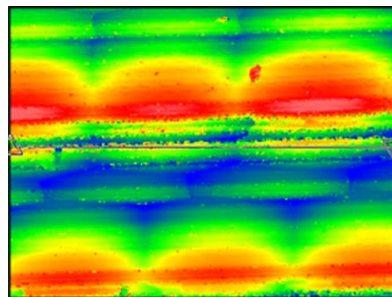

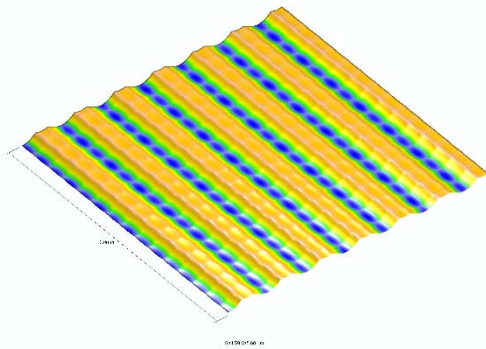

- Precision machining and surface texture prediction

Simulation

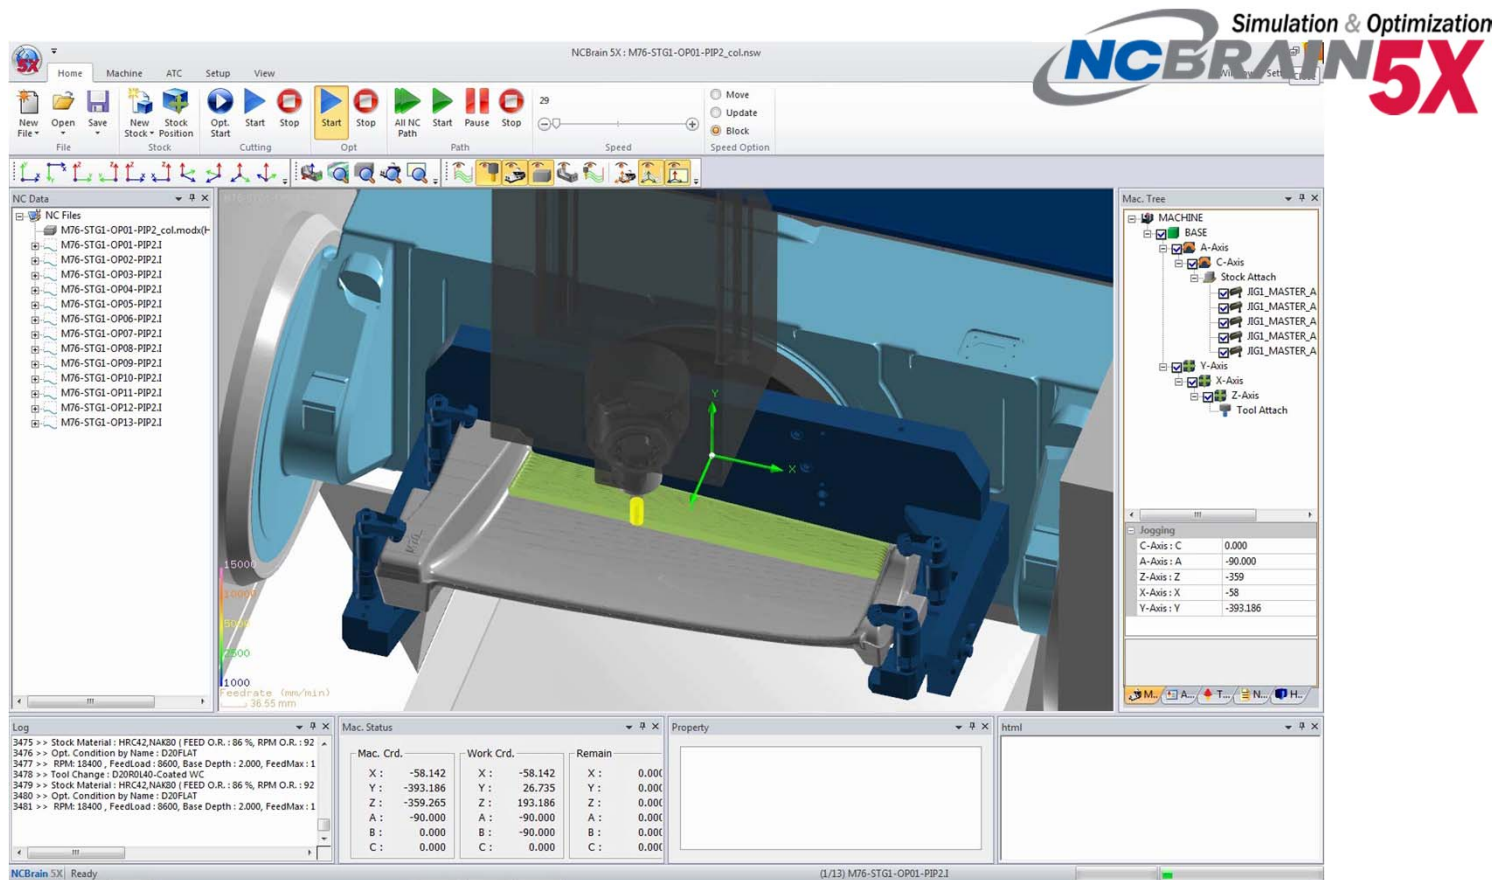

Microscope

# Machining simulation

- Verification and optimization of machining process

# CAM

- Automated CAM (Computer aided manufacturing)

*NCBrain AICAM*
